WE invite you to MEET AND NETWORK with like-minded professionals, students and community leaders for a discussion on ways to improve the financial and economic status in under-served communities. Bring your questions and ideas for a solution-oriented discussion.

BDI was founded in 1986 by the late Dr. C. DeLores Tucker, former Secretary of State of Pennsylvania. This 501(c)(3) organization was created to sustain and magnify the educational legacies of two of America's greatest leaders, Dr. Mary McLeod Bethune and Dr. W.E.B. DuBois. Our mission is developing criteria of excellence to advance the status of the under-served through education, training, and leadership. We focus on contemporary issues relating to education, economics, health and politics.
